We might pick-up more clients at the Walvis Bay lagoon and continue through the National Park: Namib Naukluft Park, which is the largest conservation area in Namibia. ### *Day 2: Namib Desert.* **(Total km for excursion: app. 240 km – duration app. 7 hours)**

An early morning rise with a snack before leaving enables you to arrive at Sesriem, the Park's gate at around sunrise. The route leads along and also across the Tsauchab dry riverbed, which has found a way through the dunes until it reaches the clay pan – the Sossusvlei. After a good rainy season – about every 7 to 10 years – the Tsauchab River runs in full flood and fills the Vlei with water. For months it remains here and offers sensational scenery with a prolific birdlife.

The early morning sun offers spectacular pastel colours in the star-shaped dunes. This is the highlight for the keen photographer. Your first stop will be at Dune 45 before we continue to the Sossusvlei. Climb one of the dunes – there are plenty – and you might be overwhelmed by the sight of the dynamic and living desert!

Breakfast will be served in form of a picnic under one of the shady camelthorn trees, before you continue to the base of the 'Dead Vlei'. It is quite a walk over patches of dunes that are crossing your way. When you arrive you will be paid off for your efforts – the scenery is awesome!

We will visit the Sesriem Canyon, a 30 metre deep rift, before we return to our base Namib Naukluft Lodge and the Soft Adventure Camp for a late lunch.

During the late afternoon a sundowner-drive to the natural marble mountains on this 25,000 ha private nature reserve is included.

***Standard Version: Overnight with full board at the Soft Adventure Camp.***

***Superior Version: Overnight with full board at Namib Naukluft Lodge.***
